UK Reporting Fund Status Information in respect of the financial year ended 31 December 2018

The share classes of the Standard Life Wealth Offshore Strategy Fund Limited ('the Company') are registered with HM Revenue & Customs in the UK as 'Reporting Funds'. As such the Company is required to report to investors the excess of reported income per share over the amount actually distributed for each Reporting Fund. There may be a requirement for you to pay tax whether or not you actually received a distribution from a Reporting Fund.

If you are not subject to UK taxation, you may ignore the contents of this notice. If you are subject to UK taxation (unless you are a non-domiciled individual paying tax on the remittance basis), you will be required to pay tax on the share of income reported to you in this notice. If you are uncertain you should seek advice from your tax advisor.

For UK tax purposes, you are treated as receiving further income on the "Fund distribution date" as set out below. You should therefore include this income in your tax return for the tax year which includes that date.

The amount of income treated as received by you will be the amount actually distributed plus the excess reported below, multiplied by the number of shares you held at 31 December 2018.
